

# PUBLIC LEDGER

FIFTH YEAR.

MAYSVILLE, KY., MONDAY, AUGUST 3, 1896.

ONE CENT.

**HERE AND THERE**

If you have friends visiting you, or if you are going away on a visit, please drop a note to that effect.

Mr. and Mrs. T. J. Chenoweth are rejoicing at the birth of a son.

Mr. and Mrs. Simon Rosenau and little daughter left Saturday for Atlantic City to remain some time.

Miss Otis Lou Luter has returned to her home at Farmington after a visit to the family of Mr. Harvey Wells.

Mr. James H. Bell and sister, Miss Burton Bell, have gone to Hunterdon, N. J., to visit relatives.

Mr. and Mrs. C. W. Newitt of Owingville have returned home after a visit to relatives here.

Colonel Lee Harris has returned from Atlantic City.

Miss Jessie Evans of Portsmouth is being pleasantly entertained by the Misses Hoffman of the Fifth Ward.

Mrs. W. T. Martin left yesterday for Ruggles Campmeeting to spend several days.

Misses Julia, Carrie and Louise Knapp, schoolteachers of Newport, are visiting Mrs. Charles Wessel of the Sixth Ward.

Misses Cora and Bertha Ott leave this afternoon on the steamer Virginia to visit at Williamsburg, Felicity and other points in Ohio.

There was much disappointment yesterday at the M. E. Church, South, over the non-arrival of Miss Lella Wheeler, who had been announced to sing at the morning service.

It is surprising the number of people who had despaired of getting Glasses until they tried P. J. Murphy the Jeweler's system of fitting the eye, who now see as well as when they were young. No charge for Glasses unless they suit.

## SATURDAY'S STORM.

**It Was a Croaker Job For More Than an Hour.**

Shortly after 8 o'clock Saturday afternoon a wicked-looking cloud loomed up in the Northwestern sky, and it was not long in making its presence felt in, over and around this city.

For more than an hour the rain fell in a deluge, and the high wind carried it in sheets through window and door frames where water never entered before.

It has been many years since Maysville had such a wind-storm, and damage resulted in many places, though the loss was not heavy at any one point.

A portion of the tin roof was started from the Cotton Mills.

Two large sheds in front of Mayor Cox's residence were blown off about half way down and their beauty destroyed.

Limbs and shrubbery were blown down at "Riverview," as was the case all over the city.

A portion of the tin roof was lifted from the West end of the grandstand at the Fairgrounds.

Reports from the country are that great damage was done the growing crops.

There was a washout on the C. and O. just below town and trains were delayed a couple of hours.

## TERIBLE DESTRUCTION.

Reports from Lewis county say that every bridge was washed away on the East Fork of Cabin Creek; that stone walls which have stood for fifty years were leveled, and that the torrent poured through the windows of the Methodist Church at Fears. All crops along the creek were literally washed away, and the loss has been enormous.

Two bridges were washed away on the Murphyville pike—one at Stevenson's branch and one at the John Paul place, and the destruction along North Fork has been almost complete.

## SLAUGHTER IN PRICES

HIGH-GRADE LOW-CUT SHOES AT HALF VALUE OR LESS!

See our tables of Woman's Oxfords at \$1; Men's at \$1 and \$1 50—Portsmouth made. Women's Twentieth Century Shoes, button and polish, \$1 25, \$1 50, \$1 75; no such values ever offered in the state.

Bargains in all Ten Shoes—Men's, Women's, Misses' and Children's—High and Low Cuts. Come and see.

**H. C. Barkley & Co.**

W. W. BELL, Assignee.

## MAYSVILLE WEATHER.

**What We May Expect For the Next Twenty-four Hours.**

### THE LEDGER'S WEATHER SIGNALS.

Wind streamer—fair; Blue—rain or snow; With Black above—will warm; With Black below—will cool.

The above forecasts are made for a period of twenty-four hours, ending at 9 o'clock on the following day.

For Paris Green that will kill and not fatten insects go to Chenoweth's.

Mayor William H. Cox will return on Thursday next from his vacation at Chattanooga.

The lightning Saturday afternoon burned out the private electric light plant of J. T. Kackley & Co.

All those interested in the organization of a military company are requested to meet at the Courthouse tonight at 7:30.

Postmaster Chenoweth has been granted leave of absence for 29 days, commencing August 24, which he will spend at Escalante Springs.

A. M. J. Cochran, William Wormald and T. H. N. Smith have been appointed to appraise the personal estate of the late Mrs. Jane Clark.

Coal Dealers will be interested in an advertisement elsewhere in THE LEDGER inviting proposals for furnishing the Public Schools with coal.

## MYSTERY SOLVED.

**The First Ward Public School Building Not a "Fence."**

Another paper on Saturday contained this item:

"While doing some plastering at the Public School Building on West Third street Thursday night, John Dawson found thirteen pairs of children's new stockings hid under a seat.

They were turned over to Constable Dawson, but he hasn't succeeded yet in finding the owner."

Learning of the "find" the janitress of the building, feeling suspicious of having started a "fence" might rest upon her, sought Miss Lizzie Cartmell, Principal of the room where the goods were discovered.

It was soon learned that the stockings were part of a lot that had been given Miss Cartmell by Hoelich & Bro. for distribution to poor children, and that she had placed them where they were found, awaiting the return of cold weather and an opportunity to give them to needy scholars.

## ANOTHER "NEUTRUT."

MAYSVILLE, KY., July 31st, 1896.

M. Thom Davis Dear Sir We noticed in your Paper that the Hop on Kenned was a Neutut what about the Ice Cream Supper Thursday Night when Enives was used and blood flowed freely more than Beer-Plens ask it to Be stopped through your Paper and oblige a Reader—

R. M. WALLINGFORD, W. E. GALLAGHER.

Certainly, gentlemen;

THE LEDGER notices to please.

Last Thursday night there was an ice cream supper at the Edgington home on Kennedy's Creek.

Among those present were Messrs. Bob Dryden, Andy Swice, John Bradford and Colonel John Barleycorn.

During the festivities John Bradford was badly cut in the hand; but for the life of him he couldn't tell who cut him.

All the parties—excepting Colonel Barleycorn—were summoned by Constable Dawson and made their appearance before Squire Branel Saturday afternoon.

Bob Dryden was fined and costed to the tune of \$10 00, while the others were permitted to depart in peace.

The boys unite in saying they had more fun than a barrel of monkeys.

W. D. Ray has qualified as Guardian of John Robertson, with W. D. Cochran surety.

There was a slight fire at the Cotton Mills Saturday afternoon. It caught from a candle used by workmen who were removing some belts, preparatory to testing out the old engine. Damage slight.

James Smith qualified as Administrator of Jane Clark, with T. H. N. Smith surety.

The City Council of Mt. Sterling undertook to "regulate" the Electric Light Company of that city, and Judge Barr of the United States Court has enjoined the city from interfering with it.

## For the Campaign!

**The Daily Public Ledger and The Weekly New York Tribune**

**Four Months for \$1 15.**

Both papers will be sent to any address from now until the Presidential Election for \$1 15.

All orders must be accompanied by the cash and sent to Public Ledger, Maysville, Ky.

The Emerson & Fisher Carriage Company assigned at Cincinnati with assets of \$450,000 and debts of \$399,000.

The venerable Hiram Campbell, one of the founders of the city of Ironton, died there Friday. He was a native of Fleming county, born November 10th, 1810.

During Saturday's storm the dryhouse of the G. W. Monoplon Lumber Company at Augusta was struck by lightning and consumed. Loss \$3,000, with \$700 insurance.

Louisville has an ordinance which prohibits merchants from painting signs on their awnings. Now, if that city had Maysville's metropolitan "dump" it would be right in the swim.

Mr. Louis Hotz is a friend of the right sort. Knowing that an Editor can't get money to buy such things, he sent THE LEDGER a lot of the finest onions he ever saw, for which he has many thanks.

Now, if any of the rest of our patrons wish to relieve immediate wants they can do so. While we are not in favor of the free and unlimited cologne of silver for the benefit of silver mine owners, we have no objection to the free and unlimited cologne of onions, potatoes, hams, and garden and farm products generally for the benefit of the poor printer.

## OUR TIME TO WIN.

**The Kurnels Defeat the Indians Saturday at Knoxville.**

It was a slow game.

The attendance was small.

And nobody seemed interested.

Under such circumstances the game was finally brought to the seventh inning with the Indians in the lead.

In the eighth inning the Kurnels went in and began to murder the ball, and when they looked at the tally-board after the game this is what they were able to telegraph to the whole world—

Maysville, 7; Knoxville, 5.

The winning of this game places the two clubs on an even footing again as far as this series of games is concerned, as the Indians have won two and the Kurnels two.

In order to come out best the Kurnels have decided to stay for two more games—this afternoon and tomorrow.

Newton occupied the slab for the Kurnels, while Miller held down that position for the Indians.

Lever will likely pitch today, while Shepard will throw them down tomorrow.

The Kurnels will leave Knoxville for Maysville Tuesday night, arriving here Wednesday morning.

They have suffered a great deal on this trip from the excessive heat, several times during the progress of games some of them having to retire and take the ice-water spray.

## NOTES.

The fast Madisonville team has gone to pieces on the Spanish rocks, but the players have secured berths with other clubs.

Wiley Davis pitched a magnificent game at Indianapolis Saturday. After playing twelve innings the game was called on account of darkness, the score standing 2 and 3.

Lexington won a game and lost one at Paris. The first one was 13 to 5 in favor of Lexington. The second was 5 to 9 in favor of Paris. We'll be a Paris man was umpire in the last game.

The Maysville Management should get together and see if they can't do something toward strengthening the club in the outfield. There's a great need of a center man who can pound the hide.

James Smith qualified as Administrator of Jane Clark, with T. H. N. Smith surety.

The City Council of Mt. Sterling undertook to "regulate" the Electric Light Company of that city, and Judge Barr of the United States Court has enjoined the city from interfering with it.

## With Nearly Forty Years

Of successful experience in the manufacture of Watch Movements and Watch Cases, and with the mechanical knowledge gained in the construction of special machinery and tools necessary for the manufacture of watches, we have reason to believe that no factory in the world is better able to produce a bicycle of superior design and workmanship. Our machinery is the finest and most modern in existence. Our workmen are trained to a greater degree of accuracy than is usually observed in any bicycle factory. Where is the bicycle factory that is capable of producing a machine made equal to a Dueber-Hampden Watch or machinery required to manufacture same?

These Bicycles, as well as a full line of the Dueber-Hampden Watches, can be seen at

**BALLENGER'S.**

## MAKE TRAVEL FREE

**COME IN AND SIGN THE PETITION.**

**The List Open at The Ledger Office—Will Require Nearly 700 Signatures.**

Before the County Judge can order an election for Free Turnpikes, he must be presented with a petition signed by 15 per cent. of the voters who voted at the last general or county election.

At the gubernatorial election held in November, 1895, there were 4,430 votes cast in Mason county for Governor.

Fifteen per cent. of this number would be 665.

There is now open at THE LEDGER office a petition to the County Judge, requesting him to call an election in November next, that the people may vote as to whether they do or do not want free turnpikes.

Call in and sign it.

A man may dress as well as his good judgment and the assistance of an artist or tailor may elect. He may take his "tubs" but if his digestive organs are out of order, he will have an unwholesome appearance. His complexion and the white of his eyes will have a yellowish cast. His tongue will be coated, appetite poor, his teeth rusty, his breath disagreeable. He is one big, unmistakable sign of constipation.

The quickest, surest, easiest way to cure this trouble is to take Dr. Pierce's Pleasant Pellets. They are made of refined concentrated vegetable extracts. Nothing in the least harmful enters into their composition. They burn down all impurities, and "make them move on." They are the product of many years' study and practice. Dr. Pierce cannot afford to put forth a worthless article.

Address with 21 cents in one-cent stamps, to cover cost of mailing only, World's Dispensary Medical Association, Buffalo, N. Y., and get a free copy of the "Medical Advertiser."

**Strap :: Sandals.**

**J. HENRY PECOR.**

## Proposals for Coal

Sealed proposals will be received by the Board of Education until noon August 13th, for furnishing and delivering to the different Public Schools in Maysville, Ky., sufficient amount of the best grade of Ohio River or Kanawha River Lump Coal for heating same during the school year commencing September 1st, 1896.

Bids must be sealed and indorsed "Proposals for furnishing coal."

Bond will be required of the successful bidder for faithful performance of contract.

The Board reserves the right to reject any or all bids.

JOHN C. ADAMS, SECRETARY.

"Act today or weep tomorrow; Who delays is friend to borrow."

## Opportunities Neglected
